## EDUCATION

**Aditya degree college, Kakinada** — kakinada, Andhra Pradesh
Bachelor of Computer Applications , Data Science — 2027-Expected
CGPA: 9.3

**Sri Gowthami Junior College** — chriala, Andhra pradesh
Intermediate in Biology, Physics,Chemistry — July 2021 - May 2023

## EXPERIENCE

**Data Science Trainee – Guide: Prof. Manoj Thakur** — May 28, 2026 – July 27, 2026
IIT Mandi, India

- Completed a two-month Data Science training focused on practical case studies involving Telco Customer Churn, Housing Data, and OWOD Energy datasets.
- Applied Python, Pandas, NumPy, data preprocessing, exploratory data analysis, visualization, and machine learning techniques to solve real-world data problems.
- Developed hands-on understanding of end-to-end data science workflows, including data cleaning, model development, evaluation, and interpretation.

**Industry Mentorship Program – Deepak Kasera**

- Participated in industry-focused mentorship sessions covering n8n workflow automation, Docker, and Retrieval-Augmented Generation (RAG).
- Gained hands-on exposure to designing AI workflows, containerization, and retrieval-based systems with LLM applications.

## PROJECTS

**Food Security & Nutrition Risk Insights System**

- Built a Random Forest risk classifier achieving ∼93% accuracy across four food-security risk categories.
- Used K-Means, PCA, composite risk scoring, and rule-based recommendations to identify country-level risks and insights.

**Will It Be Late? – Zomato Delivery Prediction Dashboard**

- Built a Python and Streamlit ML application to predict delivery delays with 92.7% test accuracy.
- Performed data preprocessing, feature engineering, model training, and interactive dashboard deployment.

**Customer Sales Analysis Dashboard**

- Developed SQL-backed Power BI dashboards to analyze sales, revenue, products, and customer performance.
- Created visual insights and customer segmentation to support data-driven business decisions.

## CERTIFICATIONS

Machine Learning – **Coursera**

Python Programming – **GeeksforGeeks**

IBM Data Analytics Professional Certificate – **IBM**

AI & Machine Learning Research Program – **ULearn**

## SKILLS

| | |
|---|---|
| **Programming Languages:** | C, Python, Java,SQL |
| **Frameworks and Libraries:** | TensorFlow, scikit-learn, Keras, AWS, OpenCV, Git, Git-hub |
| **Database:** | MySQL, Power BI, Excel |
| **Soft Skills:** | Fast Learning, Teamwork, Leadership & Project Management |
| **Languages:** | English, Hindi, Telugu |
